

It's not too late to save the NHS!

"Tell David Cameron that if he screws up my beloved NHS I'll come back and bloody haunt him."

This is what you can do

- Go to the e-petition and let your opposition be known <http://epetitions.direct.gov.uk/petitions/22670>
- Write to the Prime Minister at Downing Street
- If your local MP is liberal democrat or conservative, pester the life out of them
- Get your family, friends, neighbours and colleagues to do the same

Together we can stop the Bill
