SHEFFIELD SAVE OUR NHS

Stop the proposed closure of the Hallamshire Hospital Minor Injuries Unit

We the undersigned petition Sheffield Clinical Commissioning Group to withdraw its proposal to close the Minor Injuries Unit at the Hallamshire Hospital by 2020. We reject the assumption that the Northern General is an accessible or acceptable alternative for people in other parts of Sheffield. We have seen no clear proposals about other suggested locations for urgent care or any evidence that they would work in practice.

The Minor Injuries Unit is an effective and much valued service with a high degree of patient satisfaction. Many of us have used it ourselves.

PLEASE KEEP THE MINOR INJURIES UNIT AT THE HALLAMSHIRE OPEN
