Even many Tories now admit that the NHS needs more funding.
But what also needs to be done to put our NHS on a firmer footing?

Come along and discuss issues such as:

- Why we must preserve universal access to healthcare against the threat of charges
- The looming crisis in General Practice
- Why competitive tendering is not the way to improve healthcare
- How can we achieve proper accountability for health spending and services?

ALSO - Get ready to join and welcome the Darlington Mums when the People's March for the NHS reaches Sheffield on August 25th and 26th.
(see the other side of this leaflet)
